

Trouble-free trading with Webb ACI

Advanced Cargo Information (ACI) provides trade operators with complete cargo information prior to goods arrival in the destination country, facilitating smoother processing and clearance.

What are the benefits?

- ✓ Empower customs and ports with complete visibility
- ✓ More efficient use of resources in customs and ports
- ✓ Mitigation of security risks prior to arrival
- ✓ Increased transparency and audit capabilities
- ✓ Protects the economy against illicit trade
- ✓ Streamlined and standardized procedures from the origin

What it means for governments

Mitigates security risks prior to arrival

Resources are focused on high-risk consignments

Protects the economy from illicit trade

Secure supply chains and enhanced trade facilitation

What it means for traders

Streamlined customs procedures

Faster clearance times

Complete visibility and transparency

Cost-savings from electronic pre-arrival processing
